Birbhum.

This is to inform to all concern that, as per section 17 of RTE Act 2009, physical assault and mental harassment to the school children is strictly prohibited. But, still, it is reported from different sources that, the provision under the Act is being dishonored in many private and govt. schools in different means. Thus, all of you are requested to have a close vigil on the above issue in the schools under the district, so that the children are able to study in a fear free and joyful learning environment. If anybody contravenes the provision of the law, he/ she should be liable for disciplinary action as per the section 17(2) of RTE Act 2009.
